SOME PENNSYLVANIA COAL MINES MAY BE ABANDONED, REPORT

Steel Concerns Find New Coke Field In West Virginia Regions

PITTSBURGH, May 4.—Some of the coal mines and coke ovens which have been closed down in the Connellsville region by the strike of the non-union miners may never be reopened, according to intimations in steel circles here. At best if there is a resumption, it was stated, the production in the Connellsville field will be greatly reduced.

The big steel companies declare they can get abundant and permanent supplies of coal from West Virginia and Kentucky fields which will meet all their requirements. This is said to have resulted in the steel manufacturers discovering that the famous "coke region," which has always been considered inseparable from steel production, is not so indispensable after all.

The perfection of the by-product coke oven and its general adoption throughout the steel industry during and since the war is said to play an important role in this new situation. It is claimed that the batteries of by-product ovens, which are constructed at or near the steel mills, are rapidly replacing the old and wasteful beehive ovens at the coal mines, and that, with a steady and adequate supply of coal assured from other fields through a simple rearrangement of transportation facilities, absolute dependence need no longer be placed upon the Connellsville region mines and ovens.

It is also pointed out that while the by-product oven is a permanent installation and contributes many useful products to the sciences and arts, in addition to furnishing ample supplies of coke for the steel works, the beehive ovens at the mines make no such contribution and, furthermore, are of only a temporary character, being abandoned as soon as the coal is worked out.

CIVIL SUIT PROVES BOOMERANG; DAMAGES AWARDED DEFENDANT

A verdict awarding James W. Larr judgment on two promissory notes, and the foreclosure of a mortgage on land in Bedford, which he holds from Eli Studer, was handed down by the common pleas court late Wednesday afternoon, it was announced Thursday.

Studer was awarded \$75 damages from Larr, by the court.

Larr asked judgment on the notes which were given by Studer, on a farm which Studer had purchased from Larr. The consideration was \$3,500. Studer gave notes for \$1,000, \$350 and two for \$300. The \$1,000 note and one of the \$300 was claimed as due. To secure payment of the notes, Studer delivered the mortgage on the farm.

Studer claimed the plaintiff had fraudulently represented the qualities of the farm, the house on it, and the chattel property and stock. He claimed damages in the amount of \$1,200.

C. B. Hunt represented the plaintiff and J. C. Daugherty the defendant.

BIBLE STUDENTS WILL MEET HERE SUNDAY MORNING

The International Bible Students' convention will be held at the Old Fellows hall on Main-st, Sunday morning, beginning at 10 o'clock. Lectures on the Bible will be given by Pastor John M. Brown, of Ford City, Pa., and by Pastor George E. Marsh, of Zanesville.

REPUBLICANS FROM TWENTY STATES TO FORM TARIFF BLOC

Support Of Minority Ignored As Members Wage War For New Tariffs

WASHINGTON, May 4.—Swinging in a wide arc from California to New Hampshire, the newly formed Senate "tariff bloc" gathers strength from twenty different States to wage war for tariffs favoring the agricultural interests of the nation.

Differing from all other combinations, the "tariff bloc" ignores support from the Republican side. The "bloc" represents a friendly little fight within the Republican ranks with Western and Mid-Western Senators, backed by a few Easterners, fighting the combined Republican forces of the East for tariffs which would benefit the producers of the nation's farm crops.

A Democrat would describe the rivalry as a fight between the manufacturer and the producer. At any rate, the "bloc" showed sufficient strength in the preliminary clashes to demonstrate that it held a whip-hand in the tariff fight.

In voting, of course, the "bloc" would gain strong support from the Democratic side and actually must do so to carry its "pet" amendments to the permanent tariff bill as reported by the Senate Finance Committee.

The programme as outlined by Senator Gooding, of Idaho, elected chairman of the "bloc," was based on schedules approved by the national farm organizations, including the National Grange, the National Poultry Association, the National Wool Growers' Association, the American National Live Stock Association, the American Cotton Association and the National Tariff Association.

Twenty-five Senators form the "bloc," and it gains its greatest strength from Pacific Coast and Far-Western States. It must win over twenty-four Democrats to insure passage of any measure which it favors. With thirty-six Democrats to furnish this quota, the "bloc's" majority strength is unquestioned.

The Senators publicly announced as members of the "bloc" are: Gooding, Idaho, chairman; Johnson and Short, Idaho; McNary and Stanfield, Oregon; Jones and Poinsett, Colorado; Nicholson and Phillips, Colorado; Ladd, North Dakota; Sterling and Norbeck, South Dakota; Odell, Nevada; Bursum, New Mexico; Rawson, Iowa; Cameron, Arizona; Warren, Wyoming; Capper, Kansas; Spencer, Missouri; Harrell, Oklahoma; New, Indiana; Townsend, Michigan; Willis, Ohio; Veller, Maryland, and Keyes, New Hampshire.

AGED FARMER DIES AFTER LONG ILLNESS FROM HEART TROUBLE

Death due to an extended illness from heart trouble claimed Joseph McCoy, aged 72, at his home on a farm two miles north of Trinway, Wednesday morning at 10 o'clock.

Mr. McCoy was born and reared in Virginia. He was an energetic farmer. He followed this occupation all his life.

He was affiliated with the Baptist church, having become a member of that body at Millfork several years ago. He was a devout Christian and a faithful member of his church. Mr. McCoy was a highly respected man and enjoyed a wide circle of friends.

On January 1, 1922, Mr. McCoy was united in marriage with Miss Mary Ellen Wright.

There are surviving two daughters, Mrs. Frank Compton, of Newark and Mrs. Frank Cullison, of the late home; one sister, Mrs. Catherine McGee, of Trinway. There are also eight grandchildren living.

The funeral services will be held Saturday afternoon at 2 o'clock at the late home near Trinway. Burial will be made in the McCoy cemetery.

Lady Maccabees Of Newcomerstown Will Observe Mothers' Day

In observance of Mothers' Day, the Lady Maccabees, of Newcomerstown, have arranged a program in honor of that day, Wednesday evening, May 10. The program will be rendered at the Maccabee hall.

Permit Cable Landing

WASHINGTON, May 4.—The government today granted the Western Union Telegraph Co. permission to land its Balboa cables at Miami, Fla., marking another step forward in the long standing dispute between the company and the state department.

4-DAY IRISH TRUCE SIGNED

DUBLIN, May 4.—A truce was effected today between the Irish Free State and the rebel faction of the Irish Republican Army which have been conducting violent guerrilla warfare against each other.

The armistice was arranged by staff officers of the Free State army and the commandants of the Republicans. A commission from the dail circann met to draw up the terms. The leaders on both sides say they hope the armistice would put an immediate end to fighting.

The terms provide all army operations shall cease except routine training. Both the Free States and the Republicans are to undertake no reorganizations and both are to co-operate for the protection of property.

It was agreed that there shall be a complete cessation of fighting of every description between four o'clock this afternoon and four o'clock Monday afternoon.

Four days time was given in order to allow news of the truce to penetrate all isolated districts.

CHINA PROTESTS SMUGGLING BY THE JAPANESE

Illicit Opium And Morphia Is Flowing Into Chinese Territories

SHANGHAI, May 4.—Declaring that the Japanese are perpetuating the opium curse in a very wide area of China, the Chinese press is denouncing Japanese dealers in the illicit sale of smuggled opium and morphia.

The Journal of Commerce, a leading Chinese publication, prints the following expose of the methods which the Japanese smugglers are using to increase the sale of the drugs in China:

"Opium being a poisonous drug, its suppression has been deemed a moral obligation by all civilized peoples. All our foreign friends have taken an active interest in the cause of opium suppression in this country. The worst that a foreign nation can do toward this campaign is to withhold its support.

"But unfortunately in the case of our Eastern neighbor, Japan, we find that sales in opium, for the consumption of Chinese are indulged in on a scale so extensive as to perpetuate the opium curse in a very wide area of Chinese soil.

Not of Recent Origin
The history of the illicit traffic in smuggled opium and morphia on the part of unscrupulous Japanese is not one of recent origin. But it is for the first time that a confession of this crime has come from the lips of a Japanese. We have before us a thorough statement made by the Secretary of the Department of Civil Administration of Dai-ri. From this statement it is possible not only to learn the nature of the abominable traffic, but of the sinister methods employed by the smugglers to fill their pockets with filthy lucre. If the charges had come from a Chinese source the Japanese would at once proceed to whitewash their offenses. In the present case whitewashing would not be so easy. With the Japanese trade in opium and morphia in view, we fail to understand the meaning of the claim of Japanese diplomats to the effect that Japan has at heart the moral welfare of the nations.

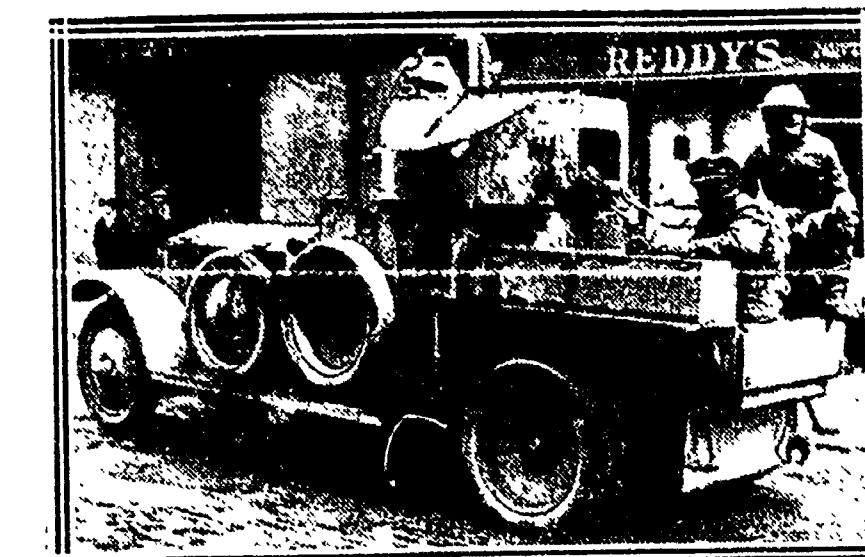

"Perhaps it will be wondered how the Japanese come to have all the needed facilities for indulging in the illicit traffic of smuggled opium, and morphia on so big a scale. There are three factors at work which are responsible for this deplorable state of things. In the first place the Japanese smugglers take full advantage of the right of immunity from Chinese law under the shield of extra-territoriality. In the second place, these heartless smugglers are able to outwit the watchfulness of customs inspectors by having the obnoxious drugs sent to them as parcels, under the inspection-proof mantle of the Japanese mailbag. In the third place, Dai-ri being Japanese leased territory serves as a good and safe market place for disposing of the illicit opium which finds its way to today a second market, with equal facilities.

HIGH SCHOOL MUSICIANS WILL PLAY AT ADAMS MILLS AND BAKERSVILLE

The high school orchestra will entertain with a concert at Adams Mills on Wednesday night, May 10 and at Bakersville on Wednesday night, May 17. The orchestra is under the direction of Harry LeBlond.

Readers and vocal soloists will accompany the orchestra.

ARMORED CARS OUELL IRISH RIOTING

contingents of the Irish Free Government, with the aid of armored cars, have been called upon to quell continued riots of the "country of turmoil." Recent dispatches indicate that many Irish Republican Army officers are deserting the forces of Eamonn de Valera and urging unification under the treaty which established the Irish Free State, with Arthur Griffiths and Michael Collins as leaders.

EX-MAYOR AND MARSHAL, UNDER CHARGE OF IRREGULARITIES IN OFFICE, SAY IT IS FRAME-UP

ROTARY TO OBSERVE CRIPPLED CHILDREN WEEK THROUGHT OHIO

The Rotary clubs throught Ohio are lending their support to the Ohio Society for Crippled Children, which has set the week of May 8 as Crippled Children's week.

There are 15,000 crippled children in the state whom it is planned to give medical attention and provide means to train and educate them to be self-supporting citizens.

Governor Harry L. Davis has issued the following proclamation, declaring the week shall be observed throught the state and asking the help of all organizations and individuals in the work:

A Proclamation.
Whereas, in view of the fact that we have in the State of Ohio upwards of 15,000 crippled and deformed children scattered throught the eighty-eight counties, for whom little has been done in the way of care, cure or education until very recently.

And whereas, in view of the fact that by means of the establishment of proper facilities near the child, where it could receive this needed attention, fifty to seventy-five per cent of the children could be cured or improved to the extent that they would be self-supporting.

And Whereas, There are now on the Statute Books of the State of Ohio, two pieces of legislation in regard to the care, cure and education of the crippled child, and concerning which many people throught the state are unaware.

And whereas from the fact that there has been established an Organization in our State whose purpose and aim is to insure to every crippled child in the state a fair chance and a square deal.

It seems to me only fitting and proper that the people of this entire state should realize the value and importance of this work and undertake, both from the economical and humanitarian standpoint, and in acknowledgment of this, the Ohio Society for Crippled Children is to dedicate the week of May 8, 1922 as a week especially set aside for an educational week for the benefit of the people of Ohio, to arouse them to their responsibility and opportunity.

Therefore I, Harry L. Davis, call upon the people of the entire State to recognize the week of May 8, 1922 as Crippled Children's Week, and that organizations of all kinds and peoples, every where, acquaint themselves with the possibilities in connection with the movement, looking toward the end that the State of Ohio shall forever be one of the states that declare that the crippled child shall have the best medical, surgical and educational facilities that it is possible to give.

Signed,
HARRY L. DAVIS,
Governor.

Son Is Born

Mr. and Mrs. Raymond A. Siegrist, 703 Locust-st are the parents of a 3 1/2 pound son, born Wednesday evening at the Henderson hospital, 339 Walnut-st. The new arrival has been named Samuel Glover.

Open Insurance Office

Harry Dillehay and Floyd A. Rogers, both of Newcomerstown announced Thursday the opening of offices on Main-st in that village for the purpose of engaging in insurance business.

K. OF P. FROM OTHER CITIES ATTEND LAST NIGHT'S CEREMONIES

At least 300 Knights of Pythias from this city, Dresden, Tuscarawas and New Guilford, attended the third rank work that was conferred upon four candidates at the local K. of P. hall, Wednesday night.

The initiatory ceremonies came first on the evening's program. The degree team was composed of members of the Dresden and Coshocton degree teams.

After the ceremonies impromptu speeches were made by two lodges. Music for the occasion was furnished by an orchestra composed of musicians of the local lodge.

After the short program a lunch was served to the lodgesmen in honor of the new members.

Owing to some misunderstanding about the date, the Newark K. of P. lodge, which was to have been present for last night's occasion and take an active part in the evening's festivities, failed to arrive. The Newark lodge is expected to take charge of rank work at the local hall on Wednesday, May 17, it was said.

The seventh annual commencement exercises held at West Carlisle, Wednesday night, were pronounced a bit successful in every respect. A large audience heard the exercises.

There were only two members in their West Carlisle graduating class this term. They were Miss Esther Geneva Gault and Miss Delpha Fern Crawford. Miss Gault's oration was on the subject of "Self Reliance." Miss Crawford delivered an oration entitled, "Philosophy of Reform." Both did splendidly in their parts.

The class address was delivered by Dr. W. B. Winters, of Coshocton. His address was a humorous one on the subject, "Pay As You Enter." He received hearty applause at the conclusion of his talk.

The music was furnished by the Knights of Pythias orchestra, of Coshocton. The audience expressed its appreciation of the splendid music by applause.

The invocation and benediction were given by the Rev. E. E. Johnson. The diplomas were presented to the graduates by Prof. J. D. Hunt.

Birth Note

A daughter was born Wednesday to Mr. and Mrs. R. T. Salvage at their home on Cambridge-st. The infant has been named Evelyn Waltz.

RECOGNITION OF SOVIET NOW UP TO THEMSELVES

Russians, However, Seem Dissatisfied With Allied Conditions

MAY ASK U. S. LOAN

Return of Private Property is Issue; France And Belgium Hostile

GENOA, May 4.—The allied statement of conditions for recognition of the Moscow Soviet government were under scrutiny by the Russian delegation to the economic conference today but it is unlikely that an answer will be given until the end of the week. It is understood Russians are dissatisfied with the statement and will ask for its revision.

It is now fairly certain that France will continue her participation in the conference altho that nation and Belgium refused to sign the Russian statement. Louis Barthou, head of the French delegation, is expected to return from Paris tomorrow night bearing fresh instructions from the French cabinet.

The split over the Russian issue has thrown the lineup of the powers into bold relief. France and Belgium are uncompromisingly hostile to Russia.

England and Italy are taking conciliatory middle course, with a trend of sympathy for purely business reasons towards Russia. Germany is friendly to Russia. Japan has remained passive, altho she may join with France and Belgium if she feels (Continued on Page Four)

TENNIS NOT ON PAR WITH AUTOS AS EVIL, N.C. COUNCIL HOLDS

Can't Bar Sunday Autoing, So Tennis Stands; Member Says It's Wrong

On the strength of a heated argument that tennis on Sunday does not disturb the peace and quietude of the village any more than autos on Sunday, the Newcomerstown council refused to prohibit tennis on Sundays in that village.

A lively discussion developed at council meeting Monday night at the first reading of the ordinance to prohibit tennis games on Sunday in the village of Newcomerstown. Several members of the tennis club were present and spoke in defense of Sunday playing, insisting that no one had complained to them, and that they were not disturbing anyone.

Councilman Peoples spoke in favor of the ordinance, claiming that a number of persons had complained to him about playing tennis on Sundays. He said it was wrong to play on Sunday, and that tennis should be prohibited on the Sabbath the same as Sunday baseball in that town.

At the conclusion of the councilman's talk arguments for Sunday tennis raised the question as to which disturbed the peace and quietude the most, tennis or automobiles. The suggestion that an ordinance be passed to prohibit automobile in that village on Sunday failed to get support from either council or spectators.

Third readings were given Ordinances No. 70 and 71, prepared to repeal the peddlers' and pool room ordinances. The vote was 2 to 1, May 4. Later a poolroom ordinance reducing the fee from \$5 to \$1 per table, was read and passed under suspension of the rules. The solicitor was instructed to prepare a new ordinance to take the place of the peddlers' ordinance.

An ordinance authorizing the sale of city land along Canad-st east of College-st, was tabled for further investigation.

Residents along Railroad-st in the east end were granted permission to extend the sod line in front of their premises from 2 feet to 6 feet in width.

The verbal petition of State-st residents requesting that the street be oilled, was taken under advisement.

Franklin Teacher Is Critically Ill

The condition of John Bordenkircher of Franklin, who was operated upon at the City hospital Wednesday, because of an abscess on the appendix, is as well as could be expected.

Mr. Bordenkircher was taken ill one week ago while teaching at the Bacon Run school. He was later removed to the hospital.

His condition is considered critical.

Child Named

The daughter born Friday to Mr. and Mrs. Raymond Frye (Edith Foster) at their home on Coshocton Route 6 has been named Geraldine Eloise.

Over The County

CHALFANTS

Prof. C. W. Maston and wife were in Zanesville, on business, Thursday of last week.

David Marlatt and family were in Newcomerstown, Saturday.

Quite a number enjoyed the baccalaureate sermon in the M. E. church at Plainfield, Sunday evening.

Hugh Jones was in Coshocton Friday.

Mr. and Mrs. Foster McCune and son Lester spent Monday evening at Wm. McCune's.

NO EXTRA PAY FOR CHAIRMEN OF STATE BOARDS, PRICE RULES

COLUMBUS, O., May 4. — Attorney General Price today ruled, in an opinion sent to State Auditor Tracy, that State Senator William Miller, Muskingum county, and State Representative Harry Carpenter, Steubenville, are not entitled to compensation for their services as members of the state board of emergency and state control boards, but they are entitled to a reasonable amount for necessary expenses.

Senator Miller and Representative Carpenter, Republicans, are members of the house finance committee respectively.

The attorney general held that their membership on these boards constitute part of their legislative duties and are not separate and distinct offices. He called attention also to provision of the state constitution prohibiting the pay of members of state legislative and forbidding any change in salaries of officers during their terms of office.

Tumor Removed

Mrs. Samuel Mullett of Newcomerstown, underwent an operation for the removal of a tumor on her neck, Thursday at the City hospital.

The operation was performed by Dr. J. W. Shaw, Dr. Lister Pomeroy and Dr. E. M. Wright.

Arm Is Fractured

In a fall from a scaffold while cleaning house, Mrs. Martin McNichols, Wilson-ay, fractured her left arm Thursday morning.

Dr. J. D. Lower took an x-ray picture of the injury and set the fracture.

OPERATORS IN W. VA. COAL FIELDS CLAIM STRIKE IS BROKEN

CHARLESTON, May 4. — Signs of breaks in the West Virginia miners' ranks are reported by operators here today. A large number of strikers have returned to work at the mines of the Table Ridge Coal Co. near Thurmond, and others are applying for reinstatement at the reduced scale of prices, operators announced.

Officers of the coal companies state many strikers are expected to return to work today.

Among the companies are the Rock Lick mines, the Meadow Fork Coal Co., The Stover Coal Co. and The Elverson Coal and Coke Co. The chief factor in bringing about this change of mind on the part of the miners was said to be the inability of the union to continue rations for the strikers.

Operators expressed the belief that the backbone of the strike in the New River field has been broken and predict that next week will witness a general return to work.

T. L. Lewis, secretary of the New River Coal Operators Association said that as rapidly as a market can be found, the mines will resume operation.

BORAH FLINGS A NASTY CHARGE AT RUSSIAN OFFICIAL

WASHINGTON, May 4. — The charge that Boris Bakmeteff, Ambassador of the defunct Kerevsky Government of Russia has diverted to his private use money received from the United States for defunct Kerevsky government was made today by Senator Borah, of Idaho.

Borah alleged he had received documentary evidence that Bakmeteff had invested heavily in real estate in New York city and Chicago, and he demanded that the Russian "come out from under the false and fraudulent cover he was hiding behind."

Seventeen Millions For Care Of Disabled Vets Provided In New Bill

WASHINGTON, May 4.—Additional hospital facilities for world war veterans, costing \$17,000,000 would be authorized under a bill favorably reported to the house today by the appropriations committee.

Chairman Madden of the committee announced there would be no delay thru the house.

The hospitals are to be erected under the direction of the veterans bureau and provide a total of 5400 additional beds.

Profiteering Peddler Did Not Sell Dope

DENVER, May 4.—A "profiteering dope peddler" was discovered here when Federal agents arrested Ben B. Green on a charge of selling cocaine and morphine.

Green protested his innocence and demanded that a chemical analysis be made of the capsules found upon him.

"Nothing but quinine in these capsules," reported the Government chemist.

Green is alleged to have been selling quinine capsules for \$1 each, purchasers believing them to contain drugs. His profit on each capsule is figured at 10,000 per cent.

England Refuses To Recognize Claim

LONDON, May 4.—"Great Britain has refused to recognize any obligation to compensate Russia for damage done by allied troops in Russia subsequent to the armistice," Austen Chamberlain, government spokesman announced today in the house of commons.

Claim for such damage had been made by the Russians at Genoa. They based their claims on the depredations of troops financed by allied governments whose aim it was to wreck the workers' government in Russia.

Flood in Canada

BRANDON CITY, Man., May 4.—Hundreds of persons were rescued today by mounted police from the sudden rise of the Assiniboine river which inundated the entire lower section of the city.

Alvander and other nearby towns were also surrounded by the surging waters. The rising flood covered the country for many miles and tents are being used to shelter the homeless.

Horses, cattle and all kinds of debris were caught by the river. Reports that three had lost their lives were unconfirmed.

Executor Named

Riley Clark has been appointed and qualified as executor of the estate of Richard Clark, deceased, according to announcement issued from the probate court.

Mrs. Dina Darnes, guardian of Margaret and Anna Louise Craig, minor heirs of Joseph Craig, deceased, has filed her first account in probate court.

GUN TOTERS WERE NOT MOLESTED, SHERIFF SAYS AT TRIAL OF MINERS

CHARLES TOWN, W. V., May 4.—A motion by the defense to have all the state's evidence so far presented against William Blizard who is charged with treason against the state and conspiracy, quashed, was overruled by the court today. The defense said the motion was made as a safety move.

Sheriff Henry L. Walker of Kanawha county, who visited the miners' camp on Lons Creek as often as three times daily over a period of two weeks, testified that he did not try in any comprehensive way to disperse the men himself, but made a report to the governor as to conditions as he found them and said the situation was beyond his control.

The court said the original of this report would be admitted when presented.

The verified copy offered today was excluded.

"I didn't arrest men I saw in Charleston with pistols, because I didn't think I was sufficiently equipped to take them out of there, and I didn't wish to start something I couldn't back up" Walker testified.

Continue Sprays Station's Advice

Fruit growers are cautioned by specialists of the Experiment Station to keep their fruit trees well sprayed even tho the late freezes may have destroyed a large percentage of the blossoms.

Fruit buds set early in the summer.

Succulence of Navy Brig Was Not Just What "Duplicity Dave" Was Hunting For

and their number and strength will depend upon the vigor of the tree. Trees weakened by diseases or insects cannot produce well the following year.

The damage from freezing may not be as great as at first supposed. But, whatever the prospect of a crop may be, it is pointed out that it would be a shortsighted policy to permit the trees to go unsprayed and thus lessen the chances of good crops in the future, as a few orchardists did to their sorrow after the freeze last year.

CHICAGO, May 4. — David Wolman liked the navy so well that he even consented to pose as a deserter to get back in it after being honorably discharged back in May, 1921.

Dave is still in the navy—with reservations.

Finding the life of a landlubber distasteful, especially with jobs scarce, the one-time jolly tar had a friend "capture" him as Mike McCarthy, deserter, and collect a \$50 reward.

In his ingenious way Dave got just what he wanted—a two-year sentence in the brig after his court-martial in January. Last month the sailor changed his mind about the succulence of prison fare and wrote the Secretary of the Navy about the deception.

Everything was peaches for Dave. U. S. Commissioner Mason ordered his release from jail.

A. STEIN & COMPANY

FIERCE BATTLES ARE REPORTED IN MANY PARTS OF IRELAND

LONDON, May 3.—Warfare on a grand scale raged in Ireland today with several violent battles fought, street fighting broke out between Free Staters and Republicans at Kilkenny. An engagement took place between Republicans and Constables in county Tyrone.

Guerrilla fighting swept through county Derry.

A fierce conflict raged at Drogheda and the city was isolated. The Drogheda fight was between Free State troops and Black and Tan policemen. The black and tans who are being mustered out of service were said to have attempted reprisals against the Irish for the murder of some of their comrades.

SMITH DRUG & BOOK STORE

Make Remarkable Offer To Any Person In Coshocton Who Is Weak, Sick, Nervous Or Run-Down.

It is now possible for you to come to this store, buy a regular \$1.10 package of Nuxated Iron, use it for two weeks, and if at the end of that time you have not received all, and even greater benefits than you expect, simply bring the wrapper back to Smith Drug & Book Store, and we will cheerfully hand you back your money.

Coshocton people may well ask how we can afford to make this remarkable "Satisfaction or Money Back" offer. Medical examinations by physicians all over the country show that an amazing number of people lack 100% iron in their blood. At a recent conference, Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Out Door Department), New York, and the Westchester County Hospital, said, "Without iron, the blood becomes weak, thin, pale and watery. In many people this so seriously weakens their vital organs as to lead them to believe that they have heart or stomach trouble, kidney disease, nerve exhaustion or some other serious ailment. I have had people come to me thinking they had heart trouble, because they often had pains and palpitation of the heart, sudden dizziness, faintness or spots before the eyes. In a great many of these cases, the moment iron was supplied, all of these symptoms disappeared." We make this offer because Genuine Nuxated Iron contains true organic iron like the iron in your blood. So many people are deficient in iron who would surely be benefited by this remarkable remedy, that we recommend that you come right to Smith Drug & Book Store and get your bottle of Nuxated Iron. Use it for two weeks, and note the improvement in your own case in strength, energy and endurance. If you are not more than surprised at the results, just bring back the wrapper and we will promptly refund your money without question.

FAMED DOCTOR WILL VISIT THE UNITED STATES

Winner Of Nobel Medicine Prize Is Coming From Denmark

WASHINGTON, May 4.—Dr. August Krogh, of Copenhagen, Denmark, winner of the 1920 Nobel Prize in medicine, will visit the United States next fall, according to an official announcement just received from the Danish capital. The doctor will be accompanied by his wife, Dr. Marie Krogh, also a noted scientist.

The main purpose of Dr. Krogh's visit is to accept invitations from numerous American universities and scientific institutions to lecture before them, particularly upon the subject of the capillary circulation, regarding which he is recognized throughout the world as a leading authority.

Dr. August Krogh is professor of zoophysiology at the University of Copenhagen, and is a member of the Royal Danish Academy of Science. He was born in Denmark forty-eight years ago and as early as 1906 won the Austrian Seegen prize for his researches in connection with the respiratory exchange.

His greatest achievement, and the one which brought him the Nobel award, was the discovery of the capillary-motory regulation mechanism. Since Harvey, three hundred years ago, discovered the circulation of the blood and Malpighi, nearly fifty years later evolved his theory of capillary circulation, no greater contribution than Dr. Krogh's has been made to that important branch of physiology.

Capillaries Have Function

Scientists formerly believed that the finest blood vessels, the so-called capillaries, were the only passive tubes thru which the blood passed as regulated by the arterioles, the smallest of the arteries. Thru numerous experiments and investigations of the most exact and minute character, however, Dr. Krogh found that the capillaries have a very active function of their own, as their cells contract or relax, according to the way they are affected.

COASTAL WAR CRAFT ARE ADDED TO NAVY

Newest Vessels Small, But Very Powerful as Destroyers

WASHINGTON, May 4.—The American Navy has just acquired two little war craft which for concentrated damaging ability are known as the "Davids" in a world of battleships "Goliaths." Their official designation, however, is coastal motor boats.

Developed by the British as "mystery boats" in the late war they proved themselves such venomous little sea fighters that the American Navy has decided to try them out.

In appearance they are simply shell-like speed-boats such as thrill devotees of motor-boat races every summer. They are built in forty and fifty-foot lengths, the Navy having acquired one of each type. They travel at speeds from thirty to more than forty miles an hour.

These little boats differ from the ordinary racer, however, in that for general destructiveness under difficult conditions they are hard to equal. Their ordinary method of fighting is to dash at their prey in a cloud of spray and when within range unleash a torpedo. This missile is carried in a trough in the stern and is launched from this position, the boat depending on its own speed to carry it ahead of the torpedo until it can veer to one side. Usually they only carry one torpedo, but can carry several when only slow speed is required. For submarines they can carry depth bombs, which are simply rolled over the side of the boat as it skims along the surface. In addition to this, they were also used to lay mines in enemy waters during the war, their shallow draft carrying them safely over the enemy's mine fields.

During the British naval attack on the Bolshevik strongholds in the Baltic in 1919 the motor boats accounted for at least two Bolshevik battleships and a number of destroyers.

PIMPLY? WELL, DON'T BE

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Clears the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

Never cured with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 15c and 30c.

Lynde Clothing Co.

"COSHOCTON'S BEST STORE FOR MEN AND BOYS"

This took place during the British attack on Cronstadt, when the British motor boats dashed into the Russian harbor under fire, torpedoed the enemy cruisers at anchor and whirled out to sea again. Outside they encountered enemy destroyers, one of which shot up one of the motor boats. Another of the little boats, damaged while in the harbor, was blown up by her commander when he got outside.

They did heroic service during the British attack on the German submarine bases at Zehbrugge, where they bombarded the enemy batteries with mortars. Their most deadly enemies were aircraft, which being more speedy were able to cause them some trouble. The launches carried an assortment of machine guns for this and even beat off attacks from the air.

The Navy will try them out as soon as the fuel allowance permits.

BIG ULCER ALL HEALED

"Here is another letter that makes me happy," says Peterson, of Buffalo. "One that I would rather have than a thousand dollars."

"Money isn't everything in this world. There is many a big hearted, rich man who would give all he has on earth to be able to produce a remedy with such mighty healing power as Peterson's Ointment, to sell at all drug stores for 50 cents a large box."

Dear Sir:—

"I was an untold sufferer from an old running sore and ulcer. I had tried most everything without any relief from pain. A friend told me of your wonderful ointment and the first box took away the pain that had not left me before in years, and after using just nine dollars worth of the salve I am cured. The ulcer was nine inches by 6 1/2 inches, is all healed and I can walk. Never, never will I be without Peterson's again."

"You may use this to recommend your ointment if you wish. I cannot say enough to praise it." Yours truly, Mrs. Albert Southcott, Lyndville, N. Y. Mail orders filled by Peterson Ointment Co., Inc., Buffalo, N. Y.

Fate of Prisoner Is Decided in Dice Game

CHICAGO, May 4.—Judge Prindville and newspaper reporters "shot crap" in the courtroom in the South Clark street station. But not for pastime. The little black spots on the ivory were to determine the fate of a prisoner.

The dice rattled across the judge's bench, while a score of policemen and court attaches watched with interest. The only one present who did not enjoy the proceedings was Ambrose Le-Ins. Ambrose had just told the judge that he was the maker of the dice, which were crooked. One pair had only sixes, five and threes on them. Two other pairs were "loaded."

One roll was enough for the judge. "Twenty five dollars and cost," he said when the "game" was over.

Kills Pesky Bed Bugs P. D. Q.

Just think, a 35c box of P. D. Q. (Pesky Devils Quietus), makes a quart, enough to kill a million bed bugs, roaches, fleas or cockroaches and stops future generations by killing the eggs and does not injure the clothing.

Liquid fire to the bedbugs is what P. D. Q. is like. Bedbugs stand as good as a snowball in a justly famed heat desert. Patient spent five in every package of P. D. Q. to enable him to kill them and their eggs in the cracks. P. D. Q. can also be purchased in sealed bottles, twelve month guarantee.

Troops Remain On Rhine

WASHINGTON, May 4.—Unforeseen circumstances will necessitate a postponement of the return of the eighth U. S. Infantry from the Rhine, Colonel Campbell King of the general staff today informed Senator Harris, Democrat, of Georgia.

One 100 lb. sack of Purina O-molene horse feed is equal in feeding value to 5 bus. oats. Costs less. Ask The Farmers Exchange.

How to Make Child-birth Easier!

DO YOU wish to know how thousands and thousands of women have gone thru motherhood without knowing some of the pains and discomforts incident to childbirth? Listen to this:

Motherhood creates almost a new state of being for a woman.

As a result, new nerves, those heretofore restful and quiescent, spring into activity, they cry out, they tingle, they burn in their nerves.

The network of nerves across the abdomen, the loins, the back and other parts now become super-sensitive. All these nerves are being called on to perform unusual duties.

These nerves must be pacified and comforted; must be put in condition for the crisis that is pending.

If these nerves are not soothed and quieted, they may set up aggravated nerve tension, increasing in severity from month to month, sometimes even culminating in a nervous paralysis of the back and limbs. This leaves the mother-to-be in a condition where she is unable, fully, to meet the test when the climax of maternity arrives.

WARNING: Avoid using plain oils, greases and substitutes—they act only on the skin and may cause harm without doing good.

THE ANDERSON-HACK COMPANY

439 MAIN-ST., SELBY BLDG., COSHOCTON, OHIO.

Buckeye Brevities
Gathered By I. N. S.

ATHENS, May 4—When a circus came to town, Constable Ed. Mariner rounded up all the suspected pickpockets he could locate. He didn't find them all, however, because, before the day was over, Mariner's daughter lost her pocketbook on the show grounds.

POMEROY, May 4—A host of untold millions of winged ants descended upon the entire district recently and were only fought off by the use of poisoned water and brooms. They invaded every building and seemed to have a special penchant for the sugar bins. Whence they came and whence they went is unknown, but they left behind many millions in dead and injured.

MIDDLEPORT, May 4—Spring gardening was never so popular in this section of the state. Miners are idle and others are out of work as a consequence. As a result, garden-making is in order. One dealer sold 75 bushels of onion sets. The town has not a single onion left for planting.

COLUMBUS, May 4—Another "stock" joke is passing. Waning, as it were, like the very stock with which it has been associated ever since Volstead legislated lamp posts into friendliness.

The first sign that the booze joke has lost its sparkle exudes from the Ohio State University campus where

the liquor laugh has just been officially interred by action of the University publication board. Official burial takes the form of an opinion observing, for the benefit of editors of student publications, that moonshine mirth has lost its kick.

Members of the publication board, which has as its chairman President W. O. Thompson and as its members Miss Edith D. Cookins, University registrar, and five professors—of English, engineering, drawing, chemistry, journalism and animal husbandry—believe they have done the student editors a favor.

"We didn't kill the booze joke," protested Prof. Thomas E. French. "It killed itself. If you aren't convinced, just try a little experiment. The next time you are part of a theatre audience that is subjected to a barrage of home-brew banter, analyze the applause. If there is any spontaneity in it, the laugh is on us."

COOLVILLE, May 4—Short-tailed field mice greatly damaged the orchards of Athens and Meigs county this spring. Hundreds of fine trees south of here were girdled. Bottles of poisoned wheat are being used in an effort to combat the pests. Orchardists are reporting the plan is meeting with success.

ELYRIA, May 4—Abe Cohen, local merchant, trapped an alleged check-writer who, it is claimed, passed worthless checks for \$15 on merchants here during the past several weeks. The man gave the name of Thomas Smith, of Defiance.

BUCYRUS, May 4—James E. Roelle, who was driving a delivery wagon that collided with the auto of W. A. Smith, local shoe dealer, in December, 1920, has brought suit seeking to obtain from Smith \$2,500 alleged damages for injuries. Roelle claimed that James Rarick, driver of the machine, was travelling 40 miles an hour when the collision occurred.

LEMA, May 4—Henry Daggan, Napoleon, is seeking appointment in probate court of a guardian for Miss Grace Daggan, 30, adjudged mentally incompetent. Daggan will try to obtain control of the \$2,000 war risk insurance policy, left by Grace's brother, Grover, and which the sister steadily has refused to accept. There, also, is \$1,000 due her from the government, as compensation for services which her brother, Frank, now an inmate of the Toledo state hospital, rendered. This money, also, Grace refuses to accept.

Following her attempt to commit

suicide in Woodlawn cemetery recently by shooting, \$570 were found in a pocket of a coat in her room. Declaring her deceased brother, Grover, wished her to join him in death, Grace attempted to kill herself beside his grave. As soon as she recovers, at St. Rita's hospital, she will be sent to the Toledo state hospital.

OBERLIN, May 4—Oberlin college students are cutting down on meals, spring entertainments, dances, class banners and personal luxuries. The result is that over \$800 has been raised for the Russian Relief Fund.

LISBON, May 4—Federated churches of Columbiana county will hold a conference here October 15 with a view to combatting efforts of movie theatre proprietors to elect legislators favoring Sunday shows. Forty Ohio counties have been similarly organized.

DILLONVALE, May 4—Joe Mallack, miner, was taken to Steubenville for a federal investigation of charges that he tried to pass a \$250 Ohio soldier's bonus check made out to another foreigner.

EAST LIVERPOOL, May 4—E. D. Moore, assistant cashier of the Citizens' National bank, will go to Chicago to become financial advisor of the Chicago presbytery of the Presbyterian church. He will supervise and standardize accounting systems of 50 institutions, settlements and community centers.

ELYRIA, May 4—Common Pleas Judge W. B. Thompson handed down a 5-cent judgment against the city of Lorain and ordered the city to turn over to the Royal Insurance Company a stolen car which the Lorain police persisted in holding.

Irish Fighting Goes
On Despite Truce

BELFAST, May 4—Despite efforts of the dail eireann at Dublin to effect a truce fighting continued at various places in northern Ireland today.

Three ambush attacks against police had been reported from Derry and Tyrone counties before noon. Near Magherafelt a policeman was killed and three others wounded. Several other police were wounded in attacks elsewhere. The rebel losses are unknown.

The Castle Pollard barracks were blown up. A detachment of police enroute to the relief of Ballyroan barracks was ambushed and one constable was killed. Reinforcements were rushed up and the Republicans who were besieging the barracks were dispersed.

Six persons have been killed and 10 wounded in the past 24 hours in Ulster.

DOCTOR ORDERED
WOMAN OBEYED

Took Lydia E. Pinkham's Vegetable Compound and is Now Well

Chicago, Illinois.—"You surely gave women one good medicine when you put Lydia E. Pinkham's Vegetable Compound on the market. After I had my baby I was all run down and so nervous I kept me from gaining. My doctor did everything he could to build me up, then he ordered me to take Lydia E. Pinkham's Vegetable Compound with his medicine and I am now a new woman. I have had three children and they are all Lydia E. Pinkham babies. I have recommended your medicine to several friends and they speak highly of it. You are certainly doing good work in this world."

Mrs. ADRIAN TOMSHECK, 10557 Wabash Ave., Chicago, Illinois. There is nothing very strange about the doctor directing Mrs. Tomsheck to take Lydia E. Pinkham's Vegetable Compound. There are many physicians who do recommend it and highly appreciate its value.

Women who are nervous, run down, and suffering from women's ailments should give this well-known root and herb medicine a trial. Mrs. Tomsheck's experience should guide you towards health.

LAW PROPOSED TO
DEPORT CRIMINAL
ALIENS FROM U. S.

NEW YORK, May 4—All aliens convicted of crimes involving moral turpitude would be deported from the United States after serving their prison sentences under provisions of a proposed Federal law now being fostered by authorities in many parts of the country.

The United States, it is believed by the leaders of the movement, will be completely cleared of all criminal aliens, including bootleggers, if the proposed law is passed. Prominent members of the Kings County Grand Jurymen's Association recently have conferred with Commissioner-General Husband, of the National Immigration Bureau regarding the feasibility of the impending measure.

Following numerous conferences here, where the idea of the proposed law was evolved, Leo Russell, chief deporting agent of the National Immigration Service, advised with the Kings County Association concerning the details of how State and Federal authorities might co-operate in ridding the country of every "undesirable" alien within its borders.

Deportation Statistics. Russell has issued the following report of aliens deported from the United States during the six months ending December 31, 1921:

Causes	Number
Insanity, epileptics	218
Constitutional psychopathic inferiority	4
Other mental maladies	5
Dangerous contagious diseases	42
Likely to become public charges	924
Public charges	59
Entered without inspection	241
Under sixteen years, unaccompanied by parents	19
Contract laborers	30
Stowaway	1
Professional beggars	2
Polgamists	5
Criminals	196
Anarchists	35
Women who failed to live up to moral standards	35
Aliens assisting in illegal establishments	79
Entered U. S. within one year of previous deportation	50
Unable to read (over 16 years)	163
No passports	51
Geographically excluded class (Asiatics other than those governed by Chinese exclusion)	45
Under provisions of Chinese exclusion laws	20
Including deportations for various other causes, the report showed that 2,394 aliens were expelled from the United States, after illegal entry, during the last six months of the last calendar year.	

DEMOCRATS

(Continued from Page One)
The first step in that direction. The country is going to take longer steps in that direction next November."

The Republicans remained practically silent today. They say Beveridge made his run on a strictly Republican platform, pledging his support to the Republican program.

INDIANAPOLIS, May 4—Albert J. Beveridge having won the Republican nomination for U. S. Senator over Senator Harry E. New by a majority of approximately 20,000, Indiana Republicans and Democrats alike rested on their oars in anticipation of a strenuous fall campaign.

Ex-Senator Beveridge will be opposed by Samuel L. Ralston, ex-governor, who defeated Beveridge for the governorship in 1912 when the Republican senatorial nominee was carrying the progressive party standard in the state election.

Both Beveridge and former governor Ralston were swept into the nominations by majorities that surprised the electorate. Last minute returns in Beveridge's favor were a distinct shock to the New camp and were a distinct surprise to many of Beveridge's supporters.

Ralston won by a vote totalling more than the combined strength of his four opponents. In the Democratic race, Dr. Jesse Sanders of Garrett,

"unknown but well" ran second.

Republican Indiana has broken a precedent by depriving Senator New of the traditional renomination and in his place has chosen Albert J. Beveridge, ex-senator and former progressive, to be the party's standard bearer in the November senatorial contest.

"My friends don't need any excuse any my enemies won't accept them. So far as I am concerned this ends it, without a single omission for 45 years I have served my party to the best of my ability. I am proud of what I have done for it and I am grateful for what it has done for me. I cannot sufficiently thank the friends that stood loyally by me in this campaign," said Mr. New.

Mr. Beveridge said: "I am grateful for the expression of our party and shall try to be worthy of it. I am especially happy that all elements of our party contributed to the result. Factions and feuds in our party are buried forever in Indiana."

Latest unofficial returns from 3,215 of Indiana's 3,334 precincts give Beveridge a lead of 18,980. The vote—Beveridge 186,483; New 167,503. It likely will be several days before the official count is completed.

RECOGNITION OF

(Continued from Page One)
that her interests in Iberia are going to be menaced.

The main trouble at present is over the question of private property in Russia. Citizens of allied countries in addition to owning large sums of Russian government bonds, own much real estate and other property in Russia.

The Russians claim that all this property has been nationalized by the soviet and that it cannot be returned to the original owners. France and Belgium declare they will never consent to this.

Chancellor Wirth of Germany and Walter Rathenau, German foreign secretary both conferred with Premier Lloyd George during the morning. They called at Lloyd George's villa, but the matters under discussion were not revealed.

MOSCOW, May 4—If the Genoa conference fails Russia will approach the United States for a loan according to an exclusive statement to the T. N. S. today by M. Stoklov, editor of the Communist organ "Izvestia" and chief of the Soviet's publicists.

"If the international economic conference fails, it will be due mainly to the absence of the United States," said Stoklov. "Furthermore, if the conference fails, Russia will approach the United States for a loan. We are ready to offer the United States railroad concessions in Siberia, and we believe that we can become the greatest market in the world for American goods."

"Russian and American economic interests do not clash. Russia is the only country which could help the United States fight Japan. At the same time, America could help Russia to rid herself of her undesirable guests."

His reference to undesirable guests was a thrust at Japanese occupation of eastern Siberia.

Choose Smooth Fabrics for Furniture. When purchasing a material for upholstery purposes always choose a close weave and look for the absence of long, loose threads on the surface.

A Child's Request.

A little girl of four, seeing her grandmother remove her false teeth, said, "Dramma, will you please take mine out like that for me?"

FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots. How to Remove Easily

Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable concern that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of Othine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength Othine as this strength is sold under guarantee of money back if it fails to remove freckles.

FINANCES BUNGLED
BY ADMINISTRATION
HARRISON CHARGES

Government Will Spend Lot
More than Provided, Harrison Says

WASHINGTON, May 4—The Harding administration has been charged with "bungling the budget" by Senator Pat Harrison, Democratic spokesman in the Senate, during debate on the tentative deficiency appropriations for the coming fiscal year. Harrison charged the administration would spend \$484,000,000 more during the coming year than had been provided for various functions of the government under the budget system. He declared the budget was being ignored by practically every government department.

"The Secretary of the Treasury first estimated that appropriation deficits for the fiscal year 1923 would total \$167,000,000," said Harrison. "Now the Secretary declares that the estimate of \$167,000,000 has increased under the alleged splendid management of the new administration to \$484,000,000 and that this will be the amount of deficits for the coming fiscal year."

"Of course, there may be another mistake. It may be more than this amount when the true facts are known. Anyway, the secretary has admitted that his first estimate was wrong and that there has been a great increase in the deficits. He attributes it largely to the decrease in the proceeds from income taxes. I think that is true."

"There is depression everywhere. Nobody is making any money under the promised prosperity of this Administration. It is perfectly natural as a result that incomes should be greatly diminished. Republican Senators who have laid and are still laying claims to large savings should study these deficits."

Ohio County Attempts
To Collect Boozee Fees

CLEVELAND, May 4—An effort will be made by County Treasurer Ralph C. McBride to collect nearly \$1,000,000 in taxes assessed against convicted bootleggers in Cuyahoga County since the State and nation became dry. Under Ohio laws, a tax of \$1,000 annually is imposed upon all places where intoxicating liquors are sold.

Pastime Tomorrow Saturday

Three Great Moments in a Beautiful Woman's Life

You'll see —

1. The Terrible Awakening.
Fainting in the arms of the millionaire, Lady Vivienne awoke to find him lying dead at her feet. Overcome by fear she fled from England and sailed for South Africa.
2. The White Captive.
Travelling across the African veldt she wandered from her wagon and was lost in the desert. After many hours under the broiling sun she sighted a camp. A few moments of rest and she learned the terrible truth — she was a captive of a desert renege.
3. The Terrific Flood.
Then came tense, thrilling moments — the escape, "the sting of wild horses," the coward's confession, the plot, the explosion of the dam, the terrible flood, the rescue and, finally — happiness.

Miss Vernie Stockum, daughter of Mr. and Mrs. W. H. Stockum, and John Hendrick, son of Adam Hendrick, were quietly married at 10:30 o'clock Tuesday morning, in Dresden.

The bride was gowned in a becoming suit of dark blue tulle with hat and accessories to correspond. Her carriage was of brides roses and carnations.

Immediately following the ceremony, Mr. and Mrs. Thomas Settle of that village entertained with a wedding breakfast complimenting the bridal pair. Covers were laid for: Mr. and Mrs. Hendrick, Mr. and Mrs. Charles Hendrick, of Columbus, Mr. and

Mrs. Edward Stockum, Mr. and Mrs. Charles Jones, Miss Lucile Jones, Miss Mildred Jones, Miss Lucy Baker, Miss Opal Stockum, Adam Hendrick and the host and hostess.

For the present, Mr. and Mrs. Hendrick will make their home with the

NOTICE—A. B.

Parrish will be out of the city Friday and Saturday.

bride's parents in Coshocton.

Mrs. Hervey Speckman, 902 Cambridge-st., will entertain the members in the Thursday Bridge club, Friday, at her home, with a 1 o'clock luncheon.

Two tables will be in play thruout the afternoon, including: Mrs. Joseph Shaw, Mrs. W. R. Todd, Mrs. E. H. Lynde, Mrs. Harry Beach, Mrs. George Mitchell, Mrs. L. W. Leonard and Miss Margaret Gallagher.

We will recover your screen. Central Hardware

Miss Evelyn Blackson, has resigned her position as telephone operator at the Coshocton Telephone company and expects to leave the latter part of the month for an extended stay in California.

District 3 of Sacred Heart church will meet with Mrs. E. E. McManus, 915 East Main st., Friday evening.

Mrs. J. F. Rodgers, 604 S. East Lawn-av., went to Newcomerstown, Thursday, to be the guest of her sister, Mrs. Frank Rehder for the day.

S. M. Lear, 667 Vine-st. and C. C. Dawson, 333 South Ninth st., went to Zanesville on business, Thursday.

Mrs. Thomas Jones, of Canal Lewisville, has as her guests for a few days, her son-in-law and daughter, Mr. and Mrs. Mapel, of Canton.

Keep that school girl complexion by using an A. B. C. Electric Washer to do your washing and wringing. Central Hardware.

The Misses Edna and Mildred Kirkpatrick very graciously entertained with an informal dinner party, Wednesday evening, at their home in the Bachert Flats, Walnut-st.

Covers were laid for: Miss Ruth Lamberson, Miss Marnie Hay, Warner Hamilton, Ward Sawvel, Courtland Durand, of Montana, A. E. Bentley, of Boston, Mrs. Miss Kirkpatrick and Miss Mildred Kirkpatrick.

Mrs. Harold Hershman very delightfully entertained the members in her sewing club, the Needleworkers.

Bouffant Skirts With Novel Basque Effects

By MARY BROOKS PICKEN

WHAT more can one ask of Fashion than that she retain the basque dress in its entrancingly youthful interpretation and add a few distinctly new touches to set it definitely apart from its predecessors? Surely one would not consider that it be laid aside as long as its development contains any such delightful possibilities as this model of brown taffeta with collar and overskirt sections of organdie in a slightly lighter tone.

Two groups of pin tucks arranged in horizontal band effect in the underskirt combine with the crispness of taffeta and organdie to emphasize the bouffant note in the skirt.

Indicating each deep scallop of the overskirts are oval rosettes of cream colored Val.

The decidedly flared cuff attached at a point high on the sleeve, which is certainly not far removed from a drop-shoulder armhole line, is a piquant note entirely in harmony with the youthfulness of the other details of the design.

Mother Saved Her Baby

From Skin Suffering by use of Sykes Comfort Powder

Ashaway, R. I. — "With a large family of children and 17 grandchildren I have had a wide experience and I want to tell mothers that I have never found any powder that would keep a child's skin so free from chafing, itching, scalding, rashes and all irritations and soreness as Sykes Comfort Powder. There is nothing like it to heal the skin." — Mrs. Charles A. Brown, Ashaway, R. I.

The reason Sykes Comfort Powder is so successful in such cases is because it contains six healing, antiseptic ingredients not found in ordinary talcums. For twenty years it has been used and endorsed by physicians and mothers, and nurses call it "A Healing Wonder."

Sykes Comfort POWDER
Heals the Skin

SPECIAL to WOMEN
The most Economical, Cleansing, Healing Antiseptic is

Pastine
A pure white, harmless powder to be dissolved in water as needed. There is nothing like it for treating inflammation, ulceration, pelvic or nasal catarrh, sore throat, inflamed eyes or to whiten the teeth. Men say "it's worth its weight in gold to purify the breath after smoking." At Druggists or postpaid, large box 70cents. The Comfort Powder Co., Boston, Mass.

Thursday afternoon, at her home, 233 South Tenth-st.

Following a pleasant social afternoon, the hostess served dainty refreshments to her guests who were: Mrs. John Young, Mrs. Charles Carpenter, Mrs. Frank Shank, Mrs. Charles Milligan, Mrs. Charles Dawson, Mrs. Burnett Moore, Mrs. Russell Raymer, Mrs. Louis Haskins, Mrs. Arthur Dawson, Mrs. Ira Hoagland, Mrs. Charles King, and Mrs. George Webb.

"Say It With Flowers," Keller's. Satisfaction guaranteed.

Announcement of the engagement of Miss Lucy Glaque and August Keifer both of this city, was made at an evening party of pretty appointments, Wednesday evening, when Miss Glaque entertained the members in district 4 of the Sacred Heart church.

June 14 has been set as the date for the wedding.

Mrs. A. B. Parrish, Main-st., will attend the Ohio Chiropractors convention to be held in Mansfield Friday and Saturday.

At 10 o'clock Thursday morning in St. John's rectory, the Rev. Paul Salaste performed the marriage service for Miss Fern Esther Roddick of West Lafayette and Asa Vincent Schumaker of Fresno Route 5.

The couple was unattended.

For the occasion, the bride was dressed in a dark coat suit of serge with hat to correspond.

Immediately following their marriage, Mr. and Mrs. Schumaker left for Halifax, where they will make their home. The former is engaged as a school teacher.

The second class of the K of C dancing school meets Thursday evening, in the K of C hall, under the instruction of its teachers, Mr. and Mrs. James P. Shepler.

Hay's orchestra is to present the musical program and an especially delightful evening is anticipated.

Keep that school girl complexion by using an A. B. C. Electric Washer to do your washing and wringing. Central Hardware.

Mrs. Edward W. Jacobs, 227 Mulberry-st., was a pleasing hostess to the members in the N. G. Sewing club and a few guests, Thursday afternoon, at her home.

After enjoying needlework thruout the afternoon, a delicious luncheon was served by the hostess.

The invited guests were: Mrs. Edward S. Frew, Mrs. Louis Mirise, Mrs. Fred Shipp, Mrs. Minnie Eckert, Mrs.

WHITE FOOTWEAR

UNION MINERS AT ADENA INFLUENCE MEN TO QUIT WORK

STUEBENVILLE, May 4.—Fourteen hundred miners marched from Adena, Jefferson-co to Tessa mines in Harrison county this morning and persuaded 100 miners to quit work. There was no trouble or violence.

The march was to have been continued to other mines but a heavy rain interrupted it. There have been several such demonstrations in various parts of this county the past week but this morning's march was participated in by an unusually large number of strikers.

The marchers were headed by a band.

500 MIDSHIPMEN TO GET COMMISSIONS

WASHINGTON, May 4.—Five hundred midshipmen in the first class at Annapolis will be commissioned in June to meet a shortage of officers in the regular navy, the secretary of the navy told the senate naval appropriations committee.

Denby asked the committee to add an appropriation of \$1,000,000 to the naval appropriation bill to provide funds for the influx of young officers.

"Homes" Of Destitute Mexicans Are Burned

DENVER, May 4.—One hundred and fifty destitute Mexicans were made "absolutely homeless" here when the torch was applied to their hovels, erected on the edge of the city "dump," destroying the "squatter settlement."

The Mexicans built their unsanitary shacks from articles reclaimed from the dump and even clothed and fed themselves from the refuse, police declared.

Fragments of tin, pasteboard and wood collected from the refuse piles were used to construct the shacks, which were about four feet high.

CORNS

Lift Off with Fingers

Doesn't hurt a bit? Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly!

HAY FEVER PREVENTION

THURSDAY Health Talk
NO. 104.

By R. E. Lynch, D. C., Ph. C.

—Why wait until the heated days of the pollenization season when the floating dust of plant life brings on this most exasperating disease? Why not take the necessary steps for making yourself immune now?

—One person out of every twenty is said to be susceptible to this so-called disease, the other nineteen are immune. In other words the nerve vigor of the air passage linings is such that it easily throws off the infection. Chiropractic spinal adjustments will restore the necessary resistance of these fluid tissues and in a very high percentage of cases prevent the periodical recurrence of this ailment.

HAD IT FOR YEARS BUT IS FREE NOW.

—Our daughter, age thirteen suffered every year from hay fever from early infancy. We thought there was no cure until we tried chiropractic spinal adjustments. Since then a few adjustments in the early part of July have been sufficient each year to forestall the illness. She was free of it for two years entirely but in each of the last two years on symptoms of its possible recurrence, adjustments have prevented the attack. Chiropractic Research Bureau Statement No. 1329F.

"GETS-IT" FOR CORN'S COSTS LITTLE

If so-called corn "cures" have only made your feet more sore and tender,

don't despair. For instant, complete, permanent relief is guaranteed by the new method. A few drops of "Gets-It" removes any old or new, hard or soft corn from any foot. It peels off in your fingers.

Costs but a trifle—everywhere. Recommended by all druggists. E. Lawrence & Co., Mfr., Chicago. Sold in Coshocton by Wimmer Arnold Company and Page & Lorenz.

HOUSE TO PROBE WARTIME FRAUDS

WASHINGTON, May 4.—A sweeping investigation of war time frauds and settlements was adopted today by the house, on the resolution of Representative Woodruff, Republican, of Michigan providing for such an inquiry.

Campaign On To Free Cleveland Of Rodents

CLEVELAND, May 4.—L. J. Nicholes known as the "Modern Pied Piper of Hamelin," has begun a campaign here to drive all rats from Cleveland. However, unlike his medieval prototype, he does not rely upon music, but upon food that appeals to the palate of the most jaded rat—only it is poisoned.

"There are about 1,500,000 rats in Cleveland. We propose to rid the city of them entirely," Nicholes said.

Its first attempts at ridding communities of the vermin were made in Alabama, his home state. The success of his efforts attracted the attention of Government authorities, and the Department of Agriculture has placed the seal of its approval upon his work of destruction.

BRITISH POLICY FOR JEWS IS ATTACKED

LONDON, May 4.—The elaborate post war scheme of Zion restored for the Jews can only exist so long as supported by British bayonets, according to an interview with Field Marshal Sir Henry Wilson, former chief of the Imperial staff, printed in the Daily Mail today.

The interview was a bitter attack against the near east policy of Premier Lloyd George.

Senate Favors Home In Palestine For Jews

WASHINGTON, May 4.—Establishment of a national Jewish home in Palestine was approved today by the senate committee on foreign relations. A resolution calling for the establishment of such a home was reported favorably by the committee and its passage urged. The committee however, struck out a section which would guarantee political privileges for Jews within Palestine.

HEAL SKIN DISEASES

Apply Zemo, Clean, Penetrating, Antiseptic Liquid

It is unnecessary for you to suffer with Eczema, Blisters, Ringworm, Rashes and similar skin troubles. Zemo obtained at any drug store for 35c, or \$1.00 for extra large bottle, and promptly applied will usually give instant relief from itching torture. It cleanses and soothes the skin and heals quickly and effectively most skin diseases.

Zemo is a wonderful, penetrating, disappearing liquid and is soothing to the most delicate skin. Get it today and save all further distress.

Wash With Cuticura Soap
and Have a Clear Skin

Bathe with the Soap and hot water on rising and retiring, using plenty of Soap. If any signs of pimples, redness or roughness are present smear with the Ointment and let it remain five minutes before bathing. Always include the Cuticura Talcum in your toilet preparations.

Sample Each Free by Mail Address "Cuticura Laboratories, Dept. 117, Malden 64 Mass." Sold everywhere. Stop Soap Ointment 25 and 50c. Talcum 50c. Cuticura Soap shaves without mug.

THE COSHOCTON TRIBUNE
And Times-Age

Entered as second class mail matter at the postoffice at Coshocton, Ohio, under the Act of March 3, 1879. Published evening and Sunday morning by The Tribune Co.

Judge Nichols Declines

DEMOCRATS in Ohio would be in better shape had it been our good friend and neighbor, Vic Donahey, who had decided "for purely personal reasons" not to enter the race for the party gubernatorial nomination instead of former Justice Hugh L. Nichols.

There is no question that in practically abandoning the field to former State Auditor Donahey Democratic chances in Ohio not only in the race for governor, but for United States senator as well, are seriously jeopardized. Democrats naturally, are counting on returning Senator Pomerene to his present berth. His friends consider him an asset to the state ticket and are deeply interested in the nomination of a candidate for governor who could be equally helpful to the Senator.

It is doubtful if Mr. Donahey can lend the desired help. He is more spectacular, is a better advertiser and a more adroit campaigner than Judge Nichols, but when that is said the list of the Donahey accomplishments has been enumerated. He would shine in the primary contest, but in the subsequent campaign for the November prize there are few Democrats who would not exchange him for Judge Nichols, while the party as a whole would go into ecstasies could the old war horse, former Governor Harmon, be induced to run again.

In either Secretary of State Harvey Smith or Carmi Thompson the Republicans will have a candidate for Governor who is dependably sure of polling the full party strength. Under ordinary circumstances this spells victory in Ohio. To elect a Governor of Ohio Democrats must have a candidate who can command not only the normal Democratic vote, but a good many thousands of Republicans as well.

Without any disrespect to the running abilities of Mr. Donahey it is scarcely possible that in anything like a normal year he could hope to defeat either Thompson or Smith. For a time the farmer vote was supposed to be over-enthusiastic about the gubernatorial qualifications of Mr. Donahey, but it is doubtful if even the rural vote would come out overwhelmingly for him, while there would be slight chance of him holding his own against either of the above named Republicans in the larger cities.

Senator Pomerene has many elements of strength. He has a long list of accomplishments in the senate which are substantial rather than showy. In this respect he would stand out in marked contrast as a candidate to Mr. Donahey who in all his political career has been spectacular rather than solid. That these two would agree on methods of conducting a state campaign is scarcely to be imagined.

It would boost Democratic stock wonderfully in the nation could a victory be scored in Ohio this year, but it is our candid opinion that with Donahey at the head of the state ticket it would be a difficult task even to return Senator Pomerene. It is not to be denied that Mr. Donahey won some notoriety as Auditor of State. But we do not believe his qualifications for chief executive are such as will warrant his party in conferring upon him that nomination.

Wild Onion Plants Are Flooding West Virginia

CHARLESTON, W. Va., May 4—Giant and wild onion plants somewhat similar in appearance are spreading over meadows in Kanawha County to such an alarming extent that T. Y. McGovern, county agricultural agent is sounding warnings to farmers, urging extermination measures. Unless the weeds are overcome, he says, the farmers will lose the grazing value of their land.

GEN. WU SCORES BIG VICTORY IN CHINESE FIGHT

PEKING, May 4—Reports indicate the forces of Wu Pei Fu have won a sweeping victory at Machang Kuan Hsien and Shan Sin Tien.

Wu is reported to have taken the latter point and is driving towards Fengtai.

The gates of Peking have been closed.

General is one of Chang Tso Lin's strongest centers. It is from this section that his famous Peking troops came. It has been serving as one of the bases of his campaign. The report of Wu's success came after 12 hours of terrific fighting.

Earlier reports said Machang and Kusan Hsien changed hands frequently and claims of victory were made by both Chang Tso Lin and Wu.

It is reported that 12 of Chang's troop trains passed thru Tien Tsin Shan Sin Tien, center of much fighting since the war started a few days ago, was the scene of bitter conflict. Attacks there were followed by counter attacks.

Missionary Shaw brot 400 refugees from the victory of Shan Sin Tien. A refugee camp for women and children has been established on the compound of the American board of foreign missions.

Rev. Dr. B. D. Evans, pastor of Franklin Park M. E. church, and Rev. Irving Maurer, pastor of First Congregational church, stated their belief in this theory during addresses at the institute on Christian faith, for men today, at the first Congregationalist church.

The institute is being held under the direction of the Theological Seventeen, comprising Columbus clergy-men with advanced ideas on religious topics.

Asserting the biblical story of the Garden of Eden, is a fairy tale and declaring there is not sufficient evidence to support the teaching of the virgin birth of Christ, Rev. Dr. Evans urged that more attention be given to such essentials as God, Jesus Christ and the Kingdom of God, and less to non-essentials, under which classification he included the theory of the virgin birth, miracles, the infallible book, forms and ceremonies.

"We accept Theistic evolution as a more rational and spiritual expression of man," declared Dr. Evans, who stated that there must be a "religious house cleaning" if Christianity is to be preserved. He asserted that modern world that demands a restating of the faith of Christendom.

408 TRY FOR STATE FARM SCHOLARSHIPS

Only One Of 20 High School Applicants Can Win—Papers Being Graded

Four hundred and eight Ohio high school students have taken the examination which is to determine the distribution of the 20 Ohio State University scholarships in the four-year agricultural course.

Examination papers to this number have been received at the office of the Dean of the College of Agriculture, Columbus. They are now being graded. Winners of the scholarships will be announced as soon as the marking is complete.

The 20 scholarships are offered in groups of five for each geographical quarter of the State. From the north-west quarter, 122 examination papers were received, from the northeast, 100, from the southwest, 108, and from the southeast, 68.

Questions for the examination were prepared by Alfred Vivian, Dean of the College of Agriculture, and distributed to Ohio high schools of the first and second grade by Vernon M. Riegel, State director of education. The questions were given to applicants by high school principals all over Ohio on April 12.

Each scholarship has a value of \$45 a year, or of \$180 for the four-year course.

ROADS DIFFER IN SERVICE AS STARS DIFFER IN GLORY

Ohioans Riding Over Paved Highways ReCall Days Of Plank Roads

From the ox cart to the horse-drawn vehicle to the automobile; from the mud road to the plank thoroughfare to the paved highway. What a transition!

Old residents gliding in their automobiles along the paved highway between St. Marys and Wapakoneta recall with much interest the old plank road over which they once traveled from one city to the other and they are realizing that as one star differeth from another in glory one road differeth from another in service.

The mud roads were impassable in wet seasons and there came a demand for some sort of improvement in road construction. Enterprising business men of Wapakoneta and St. Marys then built the plank road and erected toll gates along its course, that he who used it would have to pay. Over this plank road the people of that section visited back and forth, and hauled their produce to market. It was rough riding, this traveling over planks, but it was infinitely better than wading thru the mire of the mud road.

Later came the turnpikes and altho many property owners opposed their construction, declaring the new roads would bankrupt them, they lived to realize that the investment was profitable and they rejoiced in the comforts and service that the new highways afforded, in comparison with the old.

But the turnpike type of road outgrew its usefulness, too, and it was in turn supplanted by the bridge design. Today on one questions the utility and comfort of the brick road and the profitableness of the investment. The brick road these days is looked upon as an evidence of a community's progressiveness and prosperity.

MAY IS THE CRUCIAL MONTH FOR GARDENS

Hints From the Ohio State University For The Man Who Swings A Wicked Hoe

Planting Table for May: beans, beets, carrots, celery, corn, cucumbers, eggplant, lettuce, melons, onion seed and sets, parsley, parsnips, peas, peppers, and tomatoes.

This is the time of the year when many gardeners weaken. A good deal of ground, seed and labor go to waste annually because many who get the gardening fever in Spring lose interest when hot weather comes along.

A thousand weeds die easier in May than a hundred in June or July. If proper yields are to be obtained vegetables must be carefully tended during the entire season.

After each rain, the garden should be carefully cultivated. This breaks up the soil crust, which wastes water through excessive evaporation, and makes a dust mulch, which checks evaporation and saves moisture for later in the summer.

Continue cultivation until the plants are large enough to interfere with it. Thinning is important. Take out the weaker, slow growing ones and favor the sturdy, healthy seedling.

When watering the garden, do not sprinkle lightly every night. This does more harm than good. If the plants need water, soak them thoroughly once a week, making sure that the water penetrates as deep as the roots.

Watch carefully for insect pests. Spray with Arsenate of Lead for leaf eating insects, and with Black Leaf for plant lice.

Strike Breakers Are Imported to End Car Strike

EAST LIVERPOOL, May 4.—With the importation of 50 workers from Toledo and Cleveland, the Steubenville, East Liverpool and Beaver Valley traction company today prepared to break the tie-up of service on its line in East Liverpool, and between Smiths Ferry and Van Port, Pa.

Three cars, one city and two interurbans, with all windows protected by heavy screens, were placed in operation at noon.

One car made the round trip between East and the business district of East Liverpool.

Interurban cars ran on the Pennsylvania end of the road. No demonstration marked the operation of cars, the first since the tie-up became effective Tuesday morning following a wage dispute between the company and union employees.

Preparations are being made to serve meals in the car barn. Cots have already been set up to care for the strike breakers.

"The Gem" A COMPLETE SHOWING OF "The Gem"

Womens and Misses GINGHAM DRESSES

SEES CHANCE OF FAIR APPLE YIELD IN OHIO

Frost Left A Good Deal Of Fruit, Says College; And Spraying Is Urged

There is possibility of nearly a normal apple crop in Ohio, despite the recent severe frost, and no fruit trees are beyond help as to spraying.

Horticulturists of the Ohio State University, having received reports from all parts of the State, made this their report today. "While severe frost damage to Ohio's fruit crop has been by no means complete, and it is essential that there be no let-up in the usual spraying practice," says F. H. Beach, who issues the statement.

"Failure to complete the after-blossom spray will mean a total loss of whatever prospect remains, while application of this spray will make the most of present crop prospects and preserve the health of the trees for another year," he continues.

"Apple orchards have suffered less than the others, and present indications are for a commercial crop of nearly normal size, with the best prospects in the extreme northern and southern parts of the State. Damage to summer apples has been heavier than to the late varieties.

"Peach and sour cherry blossoms have been damaged about 50 per cent in southern Ohio and have been practically all killed in central Ohio, but in northern Ohio a fine prospect still remains. Pear and plum prospects are practically the same.

"Sweet cherries are virtually a total loss over the entire State."

Professor Beach adds that farmers who quit spraying after the freeze last year found this neglect unprofit-

able. "Their trees became diseased-ridden, and the fruit buds this year were relatively light."

Land Office Decision Gives Village To Man

MANVILLE, Wyo., May 4—Dreariness of Wyoming's homesteads is not troubling Emmett C. Hathaway, whose homestead application for the southwest quarter of Section 25-36-65, near Lance Creek, has been allowed by the United States Office at Douglas.

A little village, said to have been erected thru efforts of the Western States Oil and Land Company, covers a portion of the homestead tract. Hathaway "owns the town" and may take his choice of attending the village movie, playing pool in the town poolhall, or of dining in one or both of the village restaurants. He can stock his own cabin from the town's two stores.

But Hathaway is facing some difficulties. The Western States company has established its main camp in the Lance Creek oil field on his tract. The Western States company has an oil lease there, but Hathaway holds that the oil company has lost its title to the land thru lack of improvement work required by its lease, and the company has been served with orders to remove its buildings, valued at several thousand dollars.

Three Alleged Spies Jailed By France

PARIS, May 4—Three persons were arrested here today on the charge that they were Communist spies and were informing the Soviet government at Moscow of French naval secrets. The prisoners were said to have revealed information regarding submarine construction and the amount of naval materials that France has purchased.

SUPREME COURT UPHOLDS LOWER COURT'S DECISION

The state supreme court Wednesday overruled motions for orders directing the Coshocton-co appellate court to certify its record in the cases of the American Art Works against the Keagy & Lear Machine Co., and of the Buffalo-Springfield Roller Co. against Perry Loos and others, according to a dispatch received here Thursday.

The case of the Art Works against the machine company, was over the driveway running from Walnut-st. to Elm-st just east of the Pennys tracks. The Art Works sought to lay claim to the property and to close the driveway. Originally the city was a party to the suit, but dropped out.

By the action of the supreme court, the driveway remains open and the driveway becomes city property by a common law dedication. Pomerene & Pomerene represented the Art Works and C. Homer Durand the Keagy & Lear Machine Co.

The suit against Perry Loos and others was for the collection of an eleven year old account on a steam road roller. A judgment had been entered against the defendant in the lower court, and the supreme court's action makes it necessary for payment to be made. C. B. Hunt represented the plaintiffs in the action, and Pomerene & Pomerene, the defendants.

Leaves Hospital

P. H. Harriashberger, of Fresno, who has been confined to the City hospital since April 21, was dismissed Thursday.

SCHAEFER READY TO DEFEND HIS TITLE

Billiard Champion To Meet
Welker Cochran In Match
At Chicago

CHICAGO, May 4—Jake Schaefer, Jr., of Chicago, world's champion at 182 ballline billiards, and Welker Cochran, of San Francisco, now are in training for their championship match which will take place here on the nights of May 16, 17 and 18. They will play 1,500 points, 500 points a night.

Schaefer recently successfully de-

fended his title against Willie Hoppe, whom he had beaten last November. Both Schaefer and Cochran, realizing the importance of physical condition as well as technical skill and mental alertness, have begun a careful system of training. Both of them are putting in much time on the golf links during the day and in the billiard rooms at night.

FACTORY BASEBALL TEAM WILL MEET

The Hunt-Crawford-Beach baseball aggregation will hold a meeting this evening at 7 o'clock at the Wheeling depot on Orange-st. All players are requested to be present at the meeting for important business will be taken up.

The first practice will be held Friday evening on the fair ground diamond. The practice begins at 5.30 o'clock.

West Virginia Man, 68, Finished School Term

POINT PLEASANT, W. Va., May 4. Del Upton, aged sixty-eight, school teacher, Baptist preacher and prohibition stump speaker, will be graduated as an honor pupil from the Point Pleasant High School this year. He is probably the oldest student attending a school in West Virginia. "A man is never too old to be a student," Mr. Upton says. "When he gets too old to learn he is not fit to live." Upton is the father of five children.

Little Milton Stock went to bat four times and did nothing in particular. Then he came up in the ninth and drove home the Cardinals' winning run over the Reds with a single.

Del Pratt accepted thirteen chances without a miscue as the Boston Red Sox beat the Senators.

Having taken one on the physical jaw from Walter Hovte, the harassed Mr. Huggins now takes one on the managerial mouth from Ban Johnson. Huggins is indefinitely suspended for his run in with Empire Ed. Walsh. That being so, Huggins undoubtedly was much cheered to watch his Yankees lose to the Athletics with Ed Rommel acting as master of obsequies.

With that million dollar infield looking like \$1.85 "mex" the Giants were painstakingly beaten by the Boston Braves yesterday.

Jail Terms Urged To Stop Reckless Autoists

TOLEDO, May 4.—Imposing jail sentences on speed maniacs. Fines have proved ineffective. Unnecessary accidents will continue, and the majority are due to speeding.

So advised Municipal Judges Aaron Cohn and Samuel Young. Both are in favor of a city speeding ordinance that would call for prison or workhouse sentences for reckless drivers. The city speed ordinance now in effect carries only a fine and seldom makes an impression on the speed bugs.

"Statistics from Cleveland and Detroit show that workhouse sentences in those cities imposed on speed law violators have reduced street accidents close to 50 per cent," said Judge Cohn.

Is Unimproved

Mrs. Jane Hootman, who has been seriously ill at her home in Newcomerstown for the past few days, suffering from an attack of acute indigestion, remains unimproved.

Her condition is considered critical by the attending physician.

CHURCH LEAGUE WILL MEET TO ORGANIZE ON MONDAY EVENING

A baseball meeting will be held Monday night at 7.30 o'clock at the Presbyterian church for the purpose of perfecting the Church League in this county. So far there are four teams in the league. The teams are the M. P. M. E. Presbyterian and the Conesville M. E. The Roscoe M. E. church team is expected to join.

A Church League meeting was held in the Presbyterian church Tuesday evening and the foregoing teams were represented. Owing to the small attendance on that evening, no important matters were discussed.

The teams will play most of their scheduled games on the fairground diamond. The schedule of games has not been made out yet. The fairground diamond, which is located inside the race track, has been rented by the league. The diamond will be skinned.

Lewis Works For An End To Strike

WASHINGTON, May 4.—John J. Lewis, president of the U. M. W. of A. arrived here today to confer with Secretary of Labor Davis concerning the plan which government officials are trying to use to bring an end to the nation wide coal strike.

It was understood this morning that Lewis would call upon President Harding at the white house.

Rare Robin Seen

WESTFIELD, Mass., May 4.—An albino robin was seen near the Noble Hospital here. White robins are very rare. The one seen here was about one quarter white, with streaks of white down the back. The wings were about one third white as well.

TIRES WITH 500 NAIL HOLES LEAK NO AIR

A new puncture proof inner tube, which in actual use was punctured 500 times without showing the loss of any air when tested by a tire gauge, has been invented by Paul B. Coats, an electrical engineer of Chicago. It is inflated with air and has the same appearance as the regular inner tube, yet it removes all the necessity of changing tires until the casings are worn out. Cars using these tubes are making from 8,000 to 12,000 miles without removing a tire from the wheel. A wonderful feature of this new tube is that it can be produced and sold at about the same price as the ordinary tube. Mr. Coats has turned over all rights of his invention to the Milburn Puncture Proof Tube Co., Dept. A-75 Milburn bldg., 330-335 W. 47th St., Chicago, who want to place these tubes in a few cars here. They will make a very liberal offer to anyone who wishes to try them at the company's risk, until a distributor is appointed for this territory.—Adv.

JAPS PROFIT FROM AMERICAN TOURISTS

Steamship Bookings Gauge
For Number Of Travelers
To Orient

TOKIO, May 4.—While Europe is putting herself in order after the war upheaval, the Far East has been profiting more than ever off of American tourists. The "crop" to be "picked" this spring and early summer is to be larger than ever, according to the statements of steamship lines, which had all first-class cabins filled for months in advance of the season by travel companies, who announce numerous parties booked for Oriental tours.

But this year the greater part of the tourists will visit China and the Philippines, but will stop only a few days and some times only the Japs that their boats are in port in Japan. The Japan Hotel Association expects another poor season, but they say that anti-Japanese propaganda in the U. S. is responsible for this largely.

This has had some effect, but the main reason that tourists are "avoiding" Japan in increasing numbers is because people in this country have in recent years swindled visitors to the limit. Japan is the highest place in the world for a foreigner to live comfortably, and it is even truer for tourists. To start with prices are out of reason—a report made the other day by an investigating committee of the Osaka Chamber of Commerce showed that retailers were making from 50 to 150 per cent on living necessities. On top of that there seems to be a sort of commandment to stick the tourist and stick him good.

PUREBREDS SAID TO PAY BIG DIVIDENDS

Federal Survey Shows 40
Per Cent More Money On
Farms Discarding Scrubs

Apart from its breeding and sales value, purebred livestock has about 40 per cent greater earning power than scrub stock.

This statement comes from the Bureau of Animal Industry, United States Department of Agriculture, which has just concluded an inquiry involving 25,000 head of breeding stock owned by 625 experienced livestock men. Agricultural extension workers of the Ohio State University will use these facts in their State purebred sire campaign. Already Ohio stands second in this campaign, which is national, and may soon pass Virginia, the present leader.

Summing up evidence on which the Washington bureau bases its finding of 40 per cent superiority for the pure bred, D. S. Burch, the specialist reporting, includes, "greater and more economical production," about 50 per cent greater sales value, earlier maturity, and superiority and uniformity in conformation and type.

"The average increase of farm financial returns traceable to the use of purebred sires is 48 per cent," Mr. Burch reports. The investigation further disclosed that every farmer who breeds purebred livestock influences an average of nine neighbors to do so.

State ratings in the national campaign, prepared quarterly at Washington, are now due but have not yet been received at Columbus. They will be announced on receipt.

Short Line Railroads To Have Their Inning

ATLANTA, Ga., May 4.—Short line railroads, long the butt of wits and comic supplement artists, are going to have their inning at last.

A meeting in their defense to which all interested in them are invited to come, has been called at a local hotel by A. J. Henderson, receiver of the Ocella Southern Railroad Company. As a result of efforts will be made to give them legal protection. The Georgia legislature will be asked to pass laws giving them time to pay their debts.

"There has been much said against the short line railroad and many efforts made to junk them in recent years," Henderson says. "The people served by short lines would suffer the end if it were done." He declared that there is not a man in Georgia that has not been in the hands of a receiver at some time.

Porter On Dining Car Grows Rich From Tips

CHICAGO, May 4.—Tips, whether monetary or informative always were acceptable to William Taylor Johnson of this city, during his twenty years' service on a cafe car of the Chicago, Milwaukee & St. Paul Railroad.

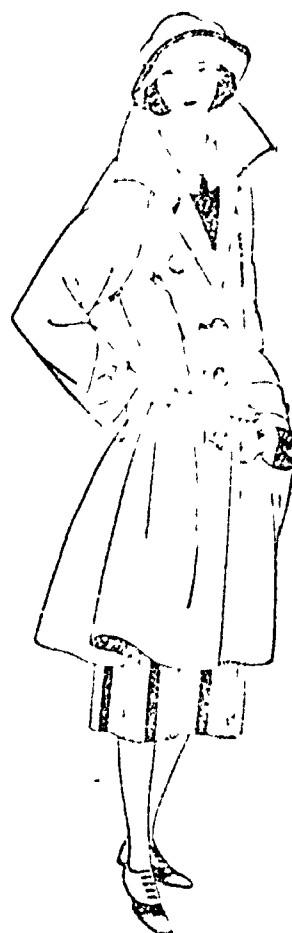

As a result, Johnson's reputed wealth today is \$100,000. Johnson's principal holding is a thirty-six acre farm at Anoka, Minn., twenty miles north of Minneapolis. Here he has installed the latest methods in scientific farming and has never known a failure.

Despite the responsibilities of this venture, Johnson still remains in the service of the road and the dining car which gave him his start.
